

All children at Trimley St Mary will receive a homework grid each half term. This homework is **OPTIONAL**. You may like to complete some of these activities on paper to hand in to your teacher or you can upload work to your SeeSaw page.

English & Geography

What does your house look like? What features does it have?

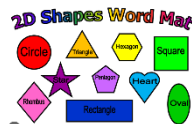

Draw and label your house. Write a sentence to tell us about some of the features.

Feeling DARING? - Can you draw a simple map to show us where you live? Remember to include buildings, roads, paths and other geographical features.

Maths

Go on a shape hunt around your home and garden. What shapes can you find?

Take photos of the different shapes you find and upload to SeeSaw, or draw and label your shapes and bring your poster into school.

Feeling DARING - can you name and find any 3D shapes too?

Maths

Practise your counting and number formation.

Practise writing numbers using different drawing materials such as pencils, felt tips and paints. Or why not take your learning outside and use chalks, water or paint to create giant numbers? Bring your number writing into school to show us or upload photos to SeeSaw.

PSHE - A recipe for friendship

What are the 'ingredients' that make a good friendship? Discuss with your child what is important in a friendship. Write your ideas down - recipe style! (A spoonful of . . . A scoop of . . . A measure of . . . Mix it all together and . . .) You could decorate your poster too?

Science

Go on a Materials Hunt around your home and garden.

Can you find objects made of wood, metal, plastic, glass and paper? Draw and label them. Write sentences to describe their properties using words such as hard, soft, flexible, rigid, rough or smooth. You might like to take photos too?

English

Enjoy listening to the story of The Three Little Pigs - a story linked to our theme of Houses and Homes. Click on the link to watch

https://www.youtube.com/watch?v=FNYBQsay_Ek&t=4s

Or scan the QR Code:-

Draw a picture to show us your favourite part of the story. Write a sentence too. Bring your work into school or upload it to SeeSaw.

Daily practice of key skills allows children to become more fluent and more confident, and gives them the chance to build on this knowledge. In reading, maths and phonics/spellings, it has been shown that children who regularly practice skills and complete activities in a range of contexts are better able to apply these skills in all areas.

A huge thank you for your continued support and encouragement.
Please do not hesitate to contact your child's teacher if you have any queries about any of this.

Mrs Allen, Mrs Curtis & Mrs Taylor
