

# Year - 1 Homework Grid - Summer 1

## Food Glorious Food - What makes our beach a special place?

All children at Trimley St Mary will receive a homework grid each half term. This homework is **OPTIONAL**. You may like to complete one of the 6 activities below each week, on paper, to hand in to your teacher or you can upload work to your SeeSaw page. Regular reading, maths and phonics/spellings activities should continue to be practised.

### English & Geography

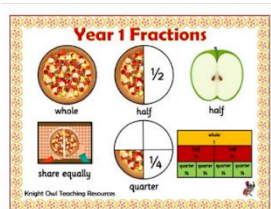

What is your favourite part of the beach? Why do you like it so much?

Draw and label the beach. Write a sentence to tell us about it.

**Feeling DARING?** - Can you draw a picture of you doing an activity on the beach and write about it?

### Maths

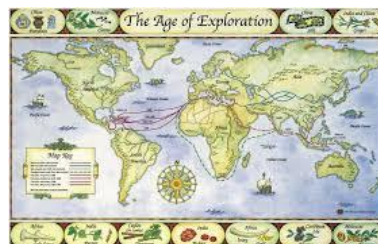

We are learning about fractions. Can you find half of an object or shape? Can you find a quarter? What about half or quarter of a number?

Have a listen to this fraction song to help:

<https://youtu.be/1Tce7f6KGE0>

### History

We are learning all about Explorers this half term. We will be learning about what explorers do, investigate how they travel and learn about the equipment they used. We will be looking especially at Dame Ellen McArthur and Christopher Columbus. Have a look at some information about these explorers and write some sentences about them if you're feeling daring!

### PSHE - Being my Best

How do we keep ourselves safe and healthy? Who helps to keep us safe at home or at school? Why not draw a poster of people that keep us safe ☺ You may want to add some key words too.

### Science

We are learning about the different seasons! Have a listen to the song:

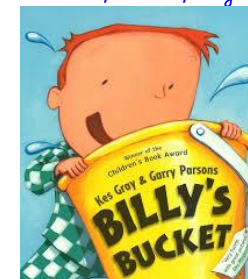

<https://www.youtube.com/watch?v=8ZjpI6fgYSY>

Have a think about how the weather changes through the seasons. Can you draw a picture of what it looks like in Spring, Summer, Autumn and Winter? Add some labels if you want!

### English

Enjoy listening to the story of Billy's Bucket. Click on the link to watch

<https://www.dailymotion.com/video/x6ft545>

Draw a picture to show us your favourite part of the story. Write a sentence too. Bring your work into school or upload it to SeeSaw.

Daily practice of key skills allows children to become more fluent and more confident, and gives them the chance to build on this knowledge. In reading, maths and phonics, it has been shown that children who regularly practice skills and complete activities in a range of contexts are better able to apply these skills in all areas.

Daily reading - Share your Reading or Library Book, or a book of your own, with a grown up. Enjoy talking about your book and answering questions. Don't forget to complete and return your Reading Challenge Slip every Monday - house points, raffle tickets and class prizes are available.

Purple Mash - have a look every week at Purple Mash, in the 2Do section - your teachers will set work for you linked to our learning that week. It may be Maths, English, Science, Geography or History - have a peek and see! ☺

We LOVED seeing your wonderful work last half term - a huge thank you for your continued support and encouragement. Please do not hesitate to contact your child's teacher if you have any queries about any of this.  
Mrs Allen, Mrs Curtis & Mrs Taylor
