

We promote **spiritual** development by:

- Wondering about different ways of life and language, developing curiosity and a sense of awe as pupils explore French culture and communication.
- Expressing personal thoughts and feelings in another language, using creativity and communication to explore identity, meaning and connection.
- Reflecting on language learning and cultural understanding, using critical thinking and commitment to appreciate new perspectives and personal growth.

We promote **moral** development by:

- ☒ Considering how language can be used respectfully, using curiosity and critical thinking to explore polite communication and kindness in French-speaking cultures.
- ☒ Collaborating in pair and group work, communicating clearly and showing integrity by listening, taking turns and supporting others.
- ☒ Choosing words thoughtfully to express values such as fairness, empathy and respect, demonstrating commitment to positive behaviour in and beyond the classroom.

Personal Development in MFL (French) at Trimley St Mary School

We promote **social** development by:

- ☒ Communicating in French during pair and group activities, developing confidence and collaboration through shared language learning.
- ☒ Working together on projects and role-plays, using curiosity and critical thinking to support each other and solve problems.
- ☒ Celebrating language learning through shared presentations and performances, showing commitment, respect and confidence in each other's progress.

We promote **cultural** development by:

- ☒ Exploring French-speaking cultures through language, developing curiosity and communicating respectfully about traditions and lifestyles.
- ☒ Comparing cultural customs and celebrations, using critical thinking to understand similarities and differences and value diverse perspectives.
- ☒ Celebrating cultural diversity through songs, stories and cultural activities, showing commitment to respect and appreciation of global communities.
