

English

We will read some Traditional Tales. Use Pie Corbett/Story mapping & retelling to organise key events in the stories.

Recall information from Stories with familiar settings. We will practise writing letters, words and simple sentences.

The Natural World

We will observe and discuss the changes that happen in the Spring. We will examine and observe plants as they grow. We will look at different animals and the places that they live.

Maths

We will be consolidating our number knowledge to 10. We will develop an ability to count objects to 10 by touching them as we count. We will continue to subitise to 5. Continue to develop our understanding of AB and ABC patterns. Use the vocabulary related to 2D shapes.

Past and Present

Discuss important events in our own lives and compare these events with our friends.

People and Communities

Listen to our friends and talk about celebrations they take part in. Find out about seasonal celebrations.

EYFS - Spring Term

Prickly Plants and Amazing Animals

Would you rather live in a hot place or a cold place?

Expressive Arts

Experiment with colour through messy play. Observe the work of different artists. Manipulate colours to create different shades.

Creating with materials

Use different media to create new effects. Develop skills and explore using a range of different tools.

PSED

Demonstrate sensitivity to others needs and feelings. Develop co-operative play.

ICT

Use a range of child friendly programmes. Log-in to purple mash.

Being Expressive

Memorise a range of poems and songs. Learn actions to songs. Introduce a narrative to play.

PD

Develop an effective grip. Form letters correctly. Get changed for P.E.

RE

Develop an understanding of a range of seasonal celebrations and festivals.
